Consider Taxes When You Invest

Do you have too much in taxable investments?
If so, now might be a good time to reevaluate this issue.
Not only do most people expect taxes to increase due to the federal government deficit, but taxes in many states are expected to rise also.
How will this impact your retirement?

With retirement come additional key factors, such as Longevity, Inflation, Market Risk, and your ability to fund the lifestyle you envision for yourself.

Will your present Income Strategy provide you with the flexibility and control you need to respond to various contingencies and opportunities? We would like to meet with you to help answer these questions. When you call, ask about our weekly workshops.

Marion Selects Firm for Little Neck Project

By Kenneth J. Souza

If the smile on Dot Burrill's face is any indication, Reg Foster and the members of the Marion Affordable Housing Trust (MAHT) may have finally come up with a plan that will serve the town's affordable and senior housing needs, while appeasing Ms. Burrill and others now residing at Little Neck Village (LNV) who have felt their concerns weren't being taken seriously.

Shortly after announcing that the MAHT had recommended the town opt for the "Village II Concept" as proposed by the E.A. Fish Group of Braintree, Ms. Burrill expressed her appreciation to Mr. Foster for taking her concerns and those of fellow residents Helen Westergard and Elisabeth Suzanne Peterson into consideration — thereby guaranteeing that the newly-added 36 apartment units would be 100 percent age-restricted and earmarked for seniors.

In a meeting held on Monday afternoon, July 28, Mr. Foster and Town Administrator Paul Dawson, acting as the town's Chief Procurement Officer, informed a sizeable group of residents in the Marion Town House that after considering some eight different proposals submitted by three different development firms, they opted to go with E.A. Fish's one- and two-story mix proposal to add 36 600-square-foot, single-bedroom units to the existing 12 at Little Neck Village for a total estimated cost of $7.52 million.

The Town of Marion, however, will only be kick-

ing in some $400,000 toward that amount from existing Community Preservation Act (CPA) funds now in hand; and the remaining money will be sought through various state and federal funding options.

"For every one dollar in 'Marion money,' we're expecting to get $19 in outside funding," Mr. Foster noted.

With representatives from E.A. Fish on hand Monday, Mr. Foster also noted they will begin negotations with the firm and have their sights set on submitting an application to the state Department of Housing and Community Development (DHCD) in order to meet the October 30, 2008 deadline for the first round of funding through the agency. The plan will also be presented to Marion residents for their input with an eye to seeking Town Meeting approval this fall to approve the transfer of the existing town-owned Little Neck Village property to the Marion Affordable Housing Trust.

Once approved by Town Meeting, the property will then be leased to the developer for $1 with a lease term of 99 years. The newly-expanded LNV will then be managed by Peabody Properties, a firm with over 30 years of experience in managing affordable housing properties. They will hire and provide a support staff which will include a property manager, maintenance superintendent, and resident services coordinator. Emergency maintenance will also be provided 24 hours a day, seven days a week.

This will also be a cost savings to the town over

time, as LNV is currently managed by town employees which costs taxpayers about $30,000 a year to operate and maintain. Under the new LNV plan, the facility will, in turn, pay the town some $20,000 in property taxes and another $12,000 a year in water and sewer fees, with all operating and maintenance costs absorbed by the management firm. This will result in a net savings of about $50,000 a year to Marion taxpayers.

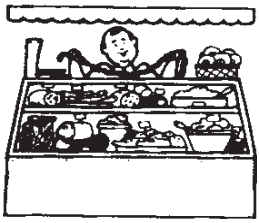

When someone who had read of LNV resident Helen Westergard's concerns in recently-published Letters to the Editor asked if she was pleased with this proposal, Ms. Westergard said she wanted to review all the details but she was hopeful the plan as presented would address their concerns.

Among the key elements of E. A. Fish's winning proposal:

• It will expand Little Neck Village from its existing 12 dwelling units to a total of 48 one-bedroom units;

• The units will be 100 percent age-restricted (seniors) and 100 percent will count towards Marion's affordable housing quota;

• Seventy percent of the units will be allotted for Marion residential preference;

• Two-phase construction will allow the existing LNV residents to remain in their existing apartments while the new units are being built;

• A new community center will be constructed onsite for all LNV residents;

• Professional design, construction and management will be done by a highly-reputable company with a long, successful track record in affordable housing; and

• Construction is targeted to start in the spring of 2009, with completion by mid-summer of 2010.

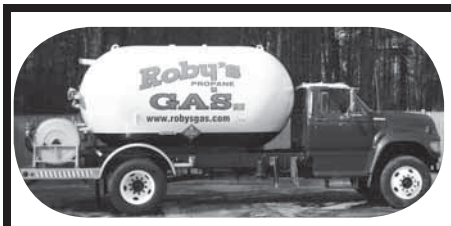

One of the ongoing stumbling blocks for Mr. Foster and members of the MAHT in seeking ways to expand and renovate Little Neck Village has been resistance from existing LNV residents who felt that the original intent of the development would be compromised if it were to be opened up to all age groups and to non-Marion residents. Having taken these concerns to heart, the new proposal clearly sets out to ensure that all of the 48 units are earmarked for seniors and that a vast majority (70 percent)

be offered as first preference to existing Marion residents.

In addition to E. A. Fish's winning proposal, the town also received three other proposals from the firm ranging in price from $7.2 to $8.5 million; two proposals from Housing Investments of Boston which ran from $10.17 to $11.8 million; and two other proposals from Community Builders of Boston priced at $11.6 and $13.2 million.

"We were fortunate to have such high-quality proposals to choose from," Mr. Foster said. "The LNV expansion project will allow Marion to better meet its affordable housing goals, and whittle down the current long waiting list to gain entry into Little Neck Village."

Family Reunion

ORR Stages Impressive Production of *Aida*

By Robert Chiarito

As Paul Sardinha introduced the Old Rochester Regional High School Drama Club's summer production of *Aida* to a packed house on the opening night of the show's three-day public run, it was evident that this was more than just another production for him. For Sardinha and the other members of the ORR Drama Club, this was something of a family reunion. A reunion that welcomed home past members of the club and members of a community within a community who share a love of theater and music. This resulted in a fabulous show, offering those who were in attendance a performance they will not likely to soon forget.

Many of the performers in this wonderful piece were former ORR students who have taken the skills that they first used on stages at Sippican School, Rochester Memorial School, and Center School or Old Hammondtown Schools through the junior and senior high schools and gone on to study theater, music and dance in col-

lege. Others have taken those skills further and are now using them professionally. It is no wonder, then, that as he stood on stage and spoke about his talented cast and crew, Mr. Sardinha beamed with the light of a proud parent.

The story and the plot of *Aida* are as old as the sands of the Egyptian desert in which this musical is set. Forbidden love, betrayal, the battle between one's heart and one's country and good versus evil all play a part in this classic story of a doomed Romeo and Juliet-like pair — Aida, the Nubian pricess, and Radames, her Egyptian captor and captain in the Pharaoh's army. The pair find themselves falling in love with one another in spite of the differences between themselves and their battling

countries. The two leads played by ORR alumni Nicole Franklin and Nathan Valente, both from the class of 2005, each played their parts with a combination of credible humanity and subtle grace, paying attention to every facial expression and tender stroke of one another's hand while filling the auditorium with their powerful singing ... especially true with regards to Ms. Franklin's amazing talent.

The secondary leads were often scene stealers as Amneris, the forlorn betrothed of Radames and daughter of the Pharaoh and Mereb, a palace slave, played by Jillian Zucco (2011) and Aaron Valente (2007), respectively, often gave the play its soul. Ms. Zucco, in addition to being a fine singer, also proved to be a forceful comedic actress. She possesses the uncanny ability to make the audience laugh and then suddenly bring them to tears as she moved from humor to tragedy all within the space of a single line. Mr.Valente showed the skills needed to alternately play either the sidekick or the straight man, only to take the stage for his own as he garnered some of the evening's biggest applause with his songs. Other notables included Colin Butterfield (2007) as the perfectly evil Zosar, the ever-plotting and power hungry father of Radames; Evan Berry as the regal Pharaoh; as well as chorus members Melissa Rigby and Gary Vaughn, who doubled as assistant choreographers in addition to their onstage roles.

A musical can only be as strong as its chorus and

this production's chorus was its rock. The chorus members sang, danced and acted their way through dozens of costume and set changes while often also playing the role of stagehands. The chorus' parts often demanded complicated dance moves, a song and a dash off stage as they were transformed from palace guards and Egyptian ladies of the court into Nubian slaves in matter of seconds without ever missing a beat. They were, in a word, remarkable.

Many of the stars of this show were stationed off in the wings of the stage or at the back of the house in moving props and manning the technical equipment. The biggest stars of the evening did most of their work before a single note was sung. Helen Blake and her costume crew created dozens of amazing costumes, many of which were works of art in their own right. Ms. Blake created a dazzling array of design and color to help create a look and feel for the play that were stylish and detailed right down to the frayed edges of Mereb and the other slaves' hems. Her work played beautifully off of Mr. Sardinha's elegant set design that recalled the ancient-meets-modern look of Julie Taymor's take on Shakespeare in her film *Titus*.

Further kudos are due ORR graduate and first-time conductor Michael Amaral and the orchestra which played the sets's challenging musical backing with a seamless ease.

For this production Mr. Sardinha welcomed a special guest in the form of choreographer James Harkness, whose many Broadway credits include *The Color Purple*, *Can Can* and the original *Aida*. Mr. Harness' creations were both beautiful to watch and challenging to perform for the young cast, giving them a valuable experience from a seasoned veteran of the stage.

community have begun to discover and take advantage.

After months of contract negotiations with both local cable companies and countless hours spent making phone call after phone call setting appointments with technicians and following up on the whereabouts of any number of pieces of vital equipment, Executive Director Kim Miot and her staff quietly unveiled ORCTV's full capabilities to its viewing public during the final weeks of July.

The station's five channels are now fully functional and operating on both the Verizon and Comcast cable systems, while the organization's production studio and editing facilities have been made available for classes that are beginning to bear fruit in the form of programming that is presently being used to broadcast over the newly-active network of channels.

"It's been a long, hard journey to get this studio up on its feet," said Executive Kim Miot. "We're finally here and I'm really excited just to offer it as a tri-town resource to businesses, residents and organizations."

The past few weeks have seen a flurry of activity at the Marion-based Captain Hadley House as technicians for Comcast and Verizon have been busy pulling miles of cable and wires in an effort to light up all of ORCTV's channels — bringing public access television to every cable television customer and subscriber in the tri-town area for the first time since Verizon entered the local arena of cable TV just over a year ago. The new channels also mark a first of another sort, as each of the three towns can now offer the public a government channel dedicated solely to its own meetings and programming. With a government channel in each town, ORCTV is now able to offer a truly public access station dedicated solely to programs made by ordinary people.

"It took a while after we signed an agreement (with Comcast) back in March, but once they got the studio hooked up Verizon came in and did their part," Ms. Miot said. "Everything went pretty smoothly and everything's now up and running. It feels really good to finally have that accomplished."

Individuals, families and non-profit organizations from the tri-town region can become members of ORCTV

for just $1, giving them the opportunity to create their own programs which are then aired on the public access channel. Members can take classes offered by ORCTV staff to hone their production skills and when they are ready, they can check equipment out in much the same way that a library lends books. ORCTV then airs the content during agreed-upon times, giving the public an electronic soapbox from which they can air their views and vision. Tri-town business memberships are also available for a fee of $75 per year.

Another feature of the new ORCTV is the addition of a dedicated education-only channel, or ED-TV. This channel's programming consists of projects made by students and staff from local schools. School staff collects

the material from area instructors and arranges a schedule of events for broadcast in coordination with the ORCTV staff on the new channel. Much of the equipment used in these productions, including studio equipment and cameras, were purchased by ORCTV and provided to the various schools.

For Verizon subscribers the new channel assignments are as follows: the public channel is 36, the educational channel is channel 37, while the government channels each have their own assignments beginning with Mattapoisett on channel 38, Marion on channel 39 and Rochester on channel 40. The channel assignments on the Comcast system remain the same, with each towns' government channel at 95 on the dial and the public channel remaining on the familiar channel 9. The educational channel has been assigned to channel 18 on the Comcast system. It should be noted that both systems broadcast the same material simultaneously with respect to their assigned channels.

ORCTV's studio is located at 345 Front Street in Marion in the Captain Hadley House, standing on the corner of Route 6 and Front Street. For more information about the new ORCTV, you can call the station at 508-748-1600 or you can go to their website that has all of the information needed to find television schedules, information on classes and other events at **www.orctv.org**.

Mattapoisett Humanitarian Discusses Trip

Mattapoisett resident Dr. Alan Hickey, 53, who recently returned from a six-month humanitarian trip to Africa spoke to a packed audience Friday at the Mattapoisett Public Library regarding massive wealth derived from abundant natural resources — oil, in Nigeria's case

and contrasted that with widespread poverty and inadequate medical services.

Dr. Alan Hickey, a chiropractor, served as a logistics administrator with *Medecins Sans Frontieres* (Doctors without Borders) in Port Harcourt, Nigeria where he was responsible for hiring and firing personnel, supervising hospital security, monitoring water quality, ensuring personnel safety in the midst of armed conflict, and keeping track of infrastructure integrity.

"We are fortunate to have Dr. Hickey with us to share his views on medical care to people in Nigeria, especially vulnerable groups because living conditions and safety issues are getting worse in developing countries," said Ellen Flynn, a Friend of the Mattapoisett Public Library.

"It's a pretty violent place; you just can't go out and walk about," Dr. Hickey said. Nigeria's densely populated oil-rich Niger Delta region has sparked sporadic and deadly outbreaks of violence among a fragmented network of political and criminal armed groups. "These groups aim to control power and natural resources."

Animal Advice

Jay Gould, DVM

RABIES

My neighbor and I were talking about our indoor cats. When I asked who her vet was she said that she had never taken her cat to the vet. She said that the cat needed no shots because it never went outside. Is this correct?

Unfortunately, no. This is neither correct nor a rare opinion. Indoor cats need vet care as much as outdoor cats. Vaccination for Rabies are a legal requirement as well as a good idea, at the very least. Rabid raccoons are common and do get into houses and indoor only cats sometimes end up outdoors. Thus, the cats' health and the health of the family may be endangered.

Your neighbor is also thinking of vets as emergency personnel. Much of our job is to prevent illness and suffering. Annual visits are geared towards making sure that the pet is indeed, happy and comfortable. Dental disease, and the pain that goes with it, obesity, and other problems are extremely common in indoor only cats.

Corruption is rampant. $600 billion was produced from oil revenue and $400 billion is missing, according to Dr. Hickey.

"There are 36 individual states in Nigeria," and five-hundred languages are spoken among its 400 tribes which creates many communication problems, said Dr. Hickey. "The nation, 300 miles north of the Equator, has severe pollution problems, drinking water is contaminated from oil spills and suspended sand particles in the dry air cause dust clouds that irritate the lungs."

According to Dr. Hickey, "the overall lack of functioning and accessible emergency medical services in the region prompted *Medecins Sans Frontieres* (MSF) to open a trauma center in October 2005 at the 77-bed Teme Hospital in Port Harcourt," the bustling capital city of Rivers state.

Teme Hospital is a two-story hospital without elevators or wheelchairs that deals with gunshots, stabbings, beatings, burns, domestic and sexual violence, as well as, traffic related accidents; the majority of cases seen are life-threatening emergencies," said Dr. Hickey. "Traffic on the streets is total chaos. I even observed a motorcycle with two coffins tied to the back end," Dr. Hickey said.

At the program's conclusion Ms. Flynn said, "The problems discussed by Dr. Hickey serves to underscore the curse of black gold where one percent of the population holds 99 percent of the wealth and whose purpose is to maintain control of power and natural resources through the proliferation of violence."

Dr. Alan Hickey leaves Mattapoisett next week for Antarctica to lead a research cruise. As an operations officer, he will function in a liaison capacity between the ship's crew and the scientists. He returns in October.

Rochester Selectmen's Meeting

July 28, 2008

By Kenneth J. Souza

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, July 28 at 7:09 pm by Chairman pro tem Dan McGaffey. Also present were Selectman Richard Nunes, Selectman Brad Morse, Town Administrator Richard LaCamera, Town Counsel Blair Bailey, and Administrative Assistant Veronica Lafreniere.

The board first began with a continuation of the Dog Hearing upon a complaint filed against Ed Rose and his dogs from the July 14 meeting. Since Selectman McGaffey chaired the meeting in Selectman Nunes' absence, he also presided over the continuation. According to Mr. McGaffey, Mr. Rose had submitted a proposal to solve the problems with his dogs barking.

"I ordered one citronella collar and one shock collar ... to use remotely so I can give them the command," Mr. Rose said. "I bought the collars — that was one of my plans. I purchased $600 of stockade fencing, which is waiting to be put up. I'm destroying the (kennels) in front, but I moved the big one to the back. I made a cul-de-sac back there. I can't move (all the dogs at once), they get stressed out."

Mr. Rose said he needs about 80 feet of fence on each side of the new location to fully enclose the area where he plans to relocate the dogs. "It's going to take me

a little bit (to finish)," Mr. Rose said. "I just spent almost $1,000 ... and it's going to take time."

"You have already moved the dogs to some extent?" Mr. McGaffey asked. "So if I understand you correctly, what you have left to do is put up the stockade fence."

Attorney Robert L. Perry, who represents Mr. Rose, noted the barking collars are now in use and his client is working to relocate the kennels to the back of his property.

"There were three cages in the front," Mr. Rose said. "One is totally gone and there is only one dog in there now."

Mr. Rose's written proposal offered a short term

solution of relocating the dogs and fitting them with barking collars within 30 days; then to have a permanent trailer to house the dogs placed on his property within a year.

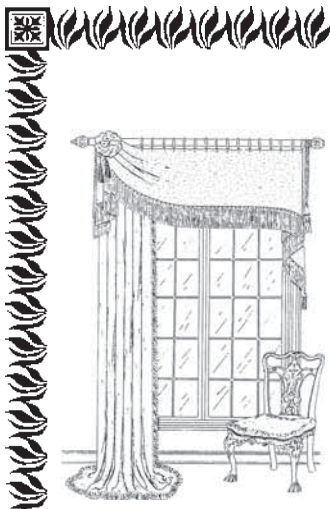

"I reviewed the plan with the Animal Control Officer," noted Police Chief Paul Magee in Animal Control Officer (ACO) Anne Estabrook's absence. "We had the first hearing two weeks ago — so I'd like to see that timeline reduced. I'd like to see all the kennels out (back) and have the fencing up around the kennels so when animals or people go by at night, (Mr. Rose's) animals aren't disturbed. I'd like to see that occur before the 30 days. As for the long term plan, I think one year is a long time. I'd like to see some final plans within three months."

"I don't think the intention was to just put the dogs out in the woods, but put the dogs on that cement pad and then ... put a fence completely around that cement pad," Mr. LaCamera said. "We wanted that done immediately. I want to make it clear that's what we wanted."

"That's right — he's got the fence, we'd like to see that done in seven days," Chief Magee added.

"You're going in the wrong direction," Mr. Rose said. "This is my kennel and I don't have $7,000 to spend on this in seven days."

"The dogs have been moved but they're still barking at night," said resident and abutter Sharon Fugeron. "I called the police at 1:00 am this morning ... and I have

a videotape to prove they were barking. Those dogs need to be housed at night. It upsets me because I thought there was going to be a plan (in place)."

"Mr. Rose we have your plan, but the 30 days is not acceptable," Selectman McGaffey said. "We need a plan that provides immediate relief for the community by Saturday night. I understand it takes a longer time to build a structure."

"Your dogs need to be housed at night ... is there a way you can house your dogs at night?" Selectman Morse asked.

Mr. Rose said that wasn't possible and he felt the board's requests were unreasonable.

"You're going to tell me that's not feasible," Mr. Rose said. "This is a hobby for me."

"Mr. Rose, this board has other options that you will dislike very much," Selectman McGaffey noted.

"The only solution to this issue is to have some sort of a confine, something that is going to be blocking the sound from all the neighbors," added Mr. Fugeron. "The stockade fence may help against some things, but I know for a fact our dog can still hear things that make him bark."

After Mr. Rose advised he currently has six dogs and three puppies — a total of nine dogs on his property — Town Counsel Blair Bailey asked why he only purchased two collars.

"If you're only going to buy one or two collars,

it's going to take longer to train them," Mr. Bailey said. "If you bought a collar for each dog, it's going to be a lot quicker."

Mr. Rose said he intended to use the collars as training devices and then switch them to another dog after the "more vocal" dogs ceased barking.

When pressed further, however, Attorney Perry said his client would consent to purchasing citronella collars for all the dogs and to move them to the cleared area at the back of the bogs on his property.

But Mr. LaCamera maintained this plan was unacceptable unless he also set up a fence around the area and / or enclosed the kennels.

In order to get to a quick solution to this problem, Selectman McGaffey suggested that within 10 days all the dogs be moved to the back of Mr. Rose's property, a stockade fence will be put up around them on three sides, and all the dogs be given the citronella collars to stifle their barking. Within 30 days, Mr. Bailey also suggested that Mr. Rose come back to them with a definitive plan and completion date for having the trailer installed onsite.

With that, the hearing was continued to Monday, August 11 at 7:00 pm.

The board next approved the minutes of the July 14 meeting and then approved the Executive Session minutes of the June 9 and June 23 meetings.

The board also signed and approved a request to hold the sixth annual Cranberry Country Triathlon Event on August 24, 2008 along Route 105 in the Town of Rochester. Both the Police and Fire Departments previously signed off on the event.

Under the Town Administrator's report, Mr. LaCamera noted there will be a dedication ceremony for the newly-planted Liberty Elm tree on Thursday, August 14 at 6:30 pm at the Plumb Memorial Library.

Mr. LaCamera also noted he has drafted a list of proposed goals and objectives for the town's Affordable Housing Plan as per the board's suggestion. "This is just an outline for review ... we still need input from the Planning Board and Zoning Board of Appeals," he said. "This is important to us because once we have a plan in place, if we get a proposed 40B housing project, we can put them in certain areas within the town ... otherwise they can go anywhere."

Mr. LaCamera also noted the window project at Rochester Memorial School has been completed and they look great. "It will certainly help to reduce the energy costs in that building," he said.

The board noted the next regular Selectmen's

meeting will be held on Monday, August 11 and Monday, August 25 beginning at 7:00 pm each night.

Selectman McGaffey provided an brief update on the proposed South Coast Rail Project and noted one of the top choices right now is a station in Middleboro. "Nothing gets decided locally ... it's all done by the feds," he said.

There being no further matters to come before the board, they unanimously voted to go into Executive Session at 8:30 pm to discuss contract negotiations and would thereafter adjourn for the evening.

Bay Club Classic

After a three-and-a-half-hour rain delay, the final round of the **Fidelity Investments Junior Classic at The Bay Club in Mattapoisett** was canceled, leaving the second-round leaders sole champions of the event. **Blake Morris** of Waterbury, CT, shot 5-under-par on his last 27 holes to win the event by two strokes. **Olivia Chang** of San Lorenzo, CA, shot a second-round even-par 71 and was victorious with a tournament total 2-over-par 144.

Conducted by the American Junior Golf Association, the Fidelity Investments Junior Classic at the Bay Club was intended to be a 54-hole stroke play event held at the Bay Club at Mattapoisett. After threatening weather and a lengthy delay, the tournament finished after 36 holes. The 97-player field featured players from 15 states.

MATTAPOISETT NECK AREA SEWER PROJECT

The Board of Water & Sewer Commissioners will be holding a public meeting to discuss the Mattapoisett Neck Area Sewer Extension project. The meeting will be held at 7 PM on August 13, 2008 at the Center School. Briefly, the Board plans to request a construction appropriation to proceed with the project. However, the Board wants to be certain that area residents are familiar with project, understand the impact of the project and support the project.

For the public's information, the Mattapoisett Neck Area Sewer Extension program is part of our Board's long range goal of providing municipal sewer service to areas of the community where on lot sewage disposal systems have a difficult time complying with State Title V septic system regulations because of small lots, poor soils and high groundwater. Over the past ten years, our Board has completed 6 sewer extension projects that serve more than 1,000 homes. The actual cost of the sewer extension projects have been paid for by the users of the sewers via a Betterment Assessment.

Betterment costs vary from project to project and are based on the capital cost to construct the project and borrowing cost finance the project. Betterment costs are a one time fee that provide a home with a connection to the municipal sewer system and eliminate the concern of operating and maintaining an on-site septic system.

To date, Town Meeting has authorized $278,000 for design engineering on the project with the design effort about 90% complete. The project is now ready for construction funding.

Project details and costs will be explained at the informational meeting. In addition, the Board and Tighe & Bond engineers will be available to answer questions. The Board encourages you to attend the meeting so that you can find out how the project will impact the community and area residents.

The Boys Division played the par-71 course at 6,917 yards while the Girls Division was played at 6,284 yards.

Morris, 16, who helped lead his high school team to their first state-tournament in five years, posted 9 birdies in two rounds of play. He credited his tee-to-green play as the key to his success.

"I came into this tournament focusing on playing one shot at a time and being patient," Morris said. "I really wanted to play today because this is the best course the AJGA plays all year, but mother nature decided differently."

Finishing two strokes behind Morris was **Kramer Hickock** of Plano, TX, with a 1-under-par 141. In third place was **Eddie Hjerpe** of Barrington, RI, at even-par 142. Tied for fourth were **Brian Murphy** of Wilton, CT; **Max Campion** of Brookline, MA; and **Andrew Lane** of Fairport, NY, posting rounds of 1-over-par 143.

In the Girls Division, **Chang**, 16, recorded four birdies during the tournament and shot a second-round even-par 71 to leave her mark at the Bay Club at Mattapoisett by setting a new competitive course record. Chang's control of her driving and expert putting led her to her first AJGA title in just two events.

"I know I did my best this week," Chang said. "I couldn't have asked for anything more. I wish we could have gotten this last round in, but I'm proud of myself."

Rounding out the girls' leaderboard in second place was **Joy Kim** of Pinole, CA, at 5-over-par 147. AJGA Qualifier Series medalist **Suzie Lee** of East Northport, NY, finished in third with a 7-over-par 149.

The American Junior Golf Association is a non-profit organization dedicated to the overall growth and development of young men and women who aspire to earn college golf scholarships through competitive junior golf. The AJGA, the largest Association of its kind, has an annual junior membership (boys and girls ages 12-18) of approximately 5,000 junior golfers from 49 states and 25 foreign countries.

Titleist, the AJGA's National Sponsor, has been the catalyst and driving force behind the Association's success since 1989. Rolex Watch USA, which is in its third decade of AJGA support, became the inaugural AJGA

Buzzards Bay Regatta

Over a thousand sailors will be converging in Marion on **August 1, 2 and 3** for the **36th Buzzards Bay Regatta**, hosted by Beverly Yacht Club. The weekend promises some of the finest conditions and the most competitive racing in the country.

420 Skippers Charles Gagnon and Lisa Foley are planning a nine-hour BBR road trip from Lake Joseph Yacht Club in Canada, while V15 racer Martin Sterling, sailing under the Naval Academy flag will be arriving from Hawaii.

In the Shields fleet you can see George Gardner skipper of hull #8 *Goodnews*, who is celebrating his 71st birthday this summer, and at the other end of the spectrum, 13-year-old Quinn Howes will be racing a Laser Radial.

The 29er team to beat is Max Fraser and David Liebenberg, national champions from San Francisco, and on the highly-competitive team aboard Ed Dailey's J/109 *Raptor*, you'll find Wiley Wakeman at the helm, and BBR 06 winner Chris Conley calling tactics.

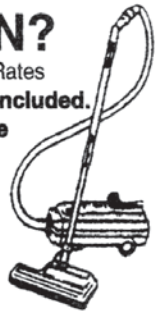

A love of sailing is handed down from parent to child, as 420 team Ashley Noble and Kristen Altreuter from *Pleon* can confirm, since their mothers raced against each other in college. Addison Caproni and Christine Wilson bill themselves as the best-looking V15 combo out there, and they will be representing St. Thomas Yacht

Club on *If your mother only knew*.

It's the first time at BBR for Multihull skipper Herbert Blevins from Longwood, FL, and Ed Sinofsky had so much fun last year he's bringing *GlowBoat* back for the second time. The Morley Family Sailing Team, featuring world champion Erin Morley will be competing in PHRF cruising class aboard *Namsate'*.

Two other families will be testing the waters for their first race at BBR in the Expressly For Fun fleet. The Anderson family will be racing *Javelin* with wife Jamie at the helm and her 13-year-old daughter calling tactics. The Schwitzer family will be cruising *Goodnight Moon* from Annapolis, and will race with a key team member, their dog.

In addition to these sailors, you'll see many familiar faces at BBR 08 and make some new friends as well. One of the benefits of sailboat racing is the bond it builds among competitors who, after a hard day on the water can relax with rivals. BBR has a long tradition of nurturing these friendships, and the camaraderie at this year's regatta will be especially heartfelt as we honor the memory of **D.J. Walsh**.

After the sudden loss of former BBR Chairman **D.J. Walsh** in a boating accident last week, this year's regatta is being dedicated to D.J. He was focused on delivering the best sailing experience possible for the participants, and making sure the people responsible for organizing and running the event also had a great time, and this year the BBR is following in his footsteps.

Chuck Michaud Tournament

The **Seventh Annual Chuck Michaud Golf Tournament** to support the Chuck Michaud Arena Fund will take place on Sunday, August 24 with registration at 12:00 noon and a 1:00 pm tee-off time. The event will take place at the Bay Pointe Country Club, 1 Baypoint Drive in Onset. Entry fee is $125 per person for golf or $100 for golf hole sponsorship. The event will be a Shotgun Scramble, including greens fees, cart, catered dinner, closest-to-the-pin, longest drive,and hole-in-one contests, raffle and Silent Auction.

For the past several years money has been raised to build a multi-purpose outdoor arena for roller hockey, basketball, arena lacrosse, soccer and field hockey. They have raised over $35,000 so far. The surface of the arena has recently been installed and they are working on the board construction. It is located behind Old Rochester Junior High

Namesake Chuck Michaud was a football, baseball and most notably a hockey coach at Old Rochester High School. His charismatic style brought out the best in his players, both on and off the playing field. He died unexpectedly at a young age. His friends and players are the main community members involved in this arena project.

Those interested in participating should send a check, payable to the ORRJHS Arena Fund, along with the names of golfers to: Chuck Michaud Golf Tournament, Attention: Rory McFee, 1 Mariners Way, Mattapoisett, MA 02739. Bird Island Challenge

Kayak enthusiasts will join internationally-known environmentalist Richard Wheeler of Wareham on Sunday, August 10 in a 12-mile kayak challenge from the Narrows area in downtown Wareham around Bird Island and back. There is also a six-mile route and a three-mile route. All proceeds benefit financial assistance for youth and families at the new Gleason Family YMCA in Wareham.

The race has drawn larger numbers of participants each year. Registration and breakfast begin at 6:30 AM. A mandatory captain's meeting will follow at 7:00 am, led by race director Richard Wheeler. The race itself will begin at 8:00 am, this year from Zecco's Marina, near the Nantucket Lightship. All participants are required to have previous ocean kayaking experience. The longest course circles Bird Island in Marion and all three courses end at Zecco's. Safety boats will be stationed along the way, coordinated by John Cornish of Atlantic Boats and local harbormasters from Wareham and Marion and their staffs.

Participants are asked to register with a $40 registration fee by Friday, August 8. No day of race registrations will be accepted. Racers are also encouraged to raise additional pledges to benefit the Gleason Family YMCA's financial assistance fund. A great prize will be awarded to the top pledge-raiser over $125. All racers will be given a complimentary race package, including a T-shirt featuring an original Bird Island design, sundries from Southcoast Hospitals Group, and other items. Each racer will receive a complimentary breakfast, lunch tickets, courtesy of sponsors The Gateway Tavern, Qdoba Mexican Grill and Cup of the Bay. All participants will also receive the coveted "Gilded Clam" medal at the awards ceremony following lunch around 12:00 noon.

Letters to the Editor

To the Editor:

To Highway Surveyor Barry Denham and the Mattapoisett Highway Department crew: the Town of Mattapoisett looks great! Keep up the good work! It is much appreciated.

Sincerely,
Ken Pacheco
Mattapoisett

To the Editor:

A public appeal has been made for an additional $4,000 to help meet out-of-pocket expenses associated with the plaintiffs' appeal in the Tinkham Forest case.

Those who have already contributed more than $13,000 to cover some of the costs in the initial suit against the Town of Mattapoisett are being asked what more, if anything, they can do to help.

For others who have delayed donations until the time when needed, now is the time. There are still others who would like to become involved in order to make the town keep its promise to N. Floyd Tinkham, who gave the forest to the town, in trust, years ago.

While the Superior Court judge has ruled illegal the Town Meeting vote to swap the forest to a developer for land elsewhere, issues remain. These include deeded access and the payment of plaintiffs' court costs and attorney fees by the town.

Checks should be mailed in the name of Attorney Stephen Clapp to him at 12 Church Street, North Attleboro, MA

Mattapoisett Players Shine

Mattapoisett residents **Mitchell Midwood** and **Cameron Coelho** have been stellar performers this year in the Swansea Independent Baseball League.

Both 10, Midwood and Coelho played vital roles this spring with the SIBL's Bronco Division National League Giants, who claimed their regular-season championship with a glittering 20-1 record. The pair also played for the SIBL's 10-and-Under Division National squad this spring which advanced to the second round of the New England District Tournament of AAU Baseball.

Midwood and Coelho are now members of the SIBL's Swansea Tigers travel team which captured the Massachusetts State Tournament title of the Willie Mays Division (9- and 10-year-old players) of the American Amateur Baseball Congress. Swansea posted a perfect 5-0 record in the eight-team, double-elimination tournament held in Springfield on July 10 through 13.

Winning the state crown enabled the SIBL squad to advance to the North Atlantic Regional Tournament in Waldwick, NJ on July 17 through 20. Swansea posted a third-place finish in the eight-team, double-elimination event after splitting four contests.

With the Tigers, Coelho is a pitcher, catcher and infielder and usually bats clean-up in the batting order, while Midwood is the team's lead-off hitter and excels defensively as an infielder and outfielder. Both are in their first season as SIBL registrants.

During its regular-season program (as well as during all AABC tournaments), SIBL Bronco Division players (9-, 10-, 11- and 12-year-olds) compete according to Major League Baseball rules, with runners permitted to take leads off bases and allowed to attempt steals of bases whenever action is live; pitchers often required to work from the stretch position; and catchers and infielders required to learn to defend steal attempts. Games are played on fields where the bases are either 65 feet or 70 feet apart and the pitching rubber is either 46 feet or 50 feet from home plate.

As an AABC affiliate, the SIBL is permitted to accept registrants from any community and does not restrict enrollment by players' residences.

Mattapoisett Heritage Days

Last summer, when Mattapoisett celebrated its Sesquicentennial Birthday, a special sense of pride was evident throughout the town. Residents and visitors alike came together to learn more about this beautiful town and to share in the making of memories that would last a lifetime. The committee that had worked so hard to create these events were all very pleased at the fulfillment of their endeavors. They also were very much aware that there was still so much about our hometown to share.

In an effort to continue that celebration, of our special place and people, the Mattapoisett Historical Commission is sponsoring, what they hope will become an annual event, called "Heritage Days." A subcommittee for planning the Heritage Days was formed and has been meeting since early in the year to put together several events for the town's first Heritage Days Celebration, which will be held August 1-3, 2008.

Just as with the Sesquicentennial Celebration, there will be events that are appropriate for families and varied interests. These events will run in conjunction with several of the regular town activities that make summer in Mattapoisett so enjoyable to so many people.

The Bicycle Safety Day will include bicycle safety information, a rodeo course and certificate awards for all participants. The event is open to anyone who wishes to participate with their bike or non-motorized scooter. Helmets must be worn when participating in the bike rodeo.

A free bicycle checkup will be available, courtesy of Tri-Town Cycling and Fitness.

In addition, the Marion Police Department has been awarded a statewide grant by the Massachusetts Executive Office of Public Safety and Security. The grant provided 75 bicycle helmets, which will be distributed at no cost to participants with defective or no helmets, while supplies last.

Bicycle helmets reduce the risk of serious head and brain injuries by nearly 90 percent. Massachusetts law requires those younger than 16 years old to wear a helmet while riding a bicycle.

Bicyclists are reminded to follow traffic signs and rules, such as riding with traffic, being alert to other traffic, using hand signals, and wearing bright colored clothing.

For any questions concerning the Bicycle Safety Day, please contact Sergeant Marshall Sadeck at the Marion Police Department at 508-748-1212 or visit their website at **www.marionpolice.org**.

Marion. The program is scheduled to start on August 12. Classes will meet on Tuesday and Thursday from 6:00 to 9:00 pm.

This course will prepare students to take the State Certification Exam. The Nurses' Aide course covers basic nursing skills, personal care skills, recognition of mental health and social service needs, basic restorative services and resident rights. Students will assist in taking vital signs of patients and meet their hygiene, safety, nutrition, exercise, elimination, comfort and oxygen needs. Employment opportunities include: hospitals, nursing homes, home health care agencies, domiciliary care, and residential care facilities. Uniforms and certification fees are not included in tuition. Mantoux test is required prior to clinical rotation.

For more information, please contact the Upper Cape Tech Adult Education at 508-759-7711, extension 211.

Rochester Reading Program

Wear your best animal-like attire, and come celebrate a successful summer of reading at the Plumb Memorial Library in Rochester. The Animal Adventures party will have refreshments, animal-themed games, and prizes. Tony Baloney, balloon artist, will make balloon animals for everyone! Plus, if you have at least one animal on their "Wild Wall," you'll be entered into a raffle for some extra animal-ish prizes. You have to be at the party to claim your prize. The party and the summer program are sponsored by the Friends of the Plumb Memorial Library.

Please note this is the *last day* to log in your reading hours, get your last prize, and post your animals on the Wild Wall. It would be great if you could come to the library a little early on August 13 to log in your times / post your animal, and then attend the party!

ously published in a previous issue; the following information is correct as of this date.

Curbside recycling pick-up in Mattapoisett is done on a biweekly basis. You may leave the following items for collection:

• Plastic containers (including all plastic milk, juice and water jugs, and both #1 and #2 plastic), but no plastic bags or no #3 through #7 plastic containers;

• Metal cans (all cans, tin foil, and cooking tins), but no window frames, lawn furniture, or paint / aerosol cans;

• Glass bottles and jars (clear, green, brown bottles for soda, beer and wine, also mayonnaise and baby food), but no opaque or blue glass, no ceramic or plate glass; and

• Newspapers (including those with Sunday supplements), but no soiled or wet newspapers, including magazines, catalogs, phone books, paper bags, and *untied* cardboard.

Please note that all containers must be thoroughly cleaned, all caps, rings, lids and styrofoam labels must be removed (paper labels may stay on), and you should place containers in bag to protect against weather but do not tie the bag closed!

Mattapoisett residents may also drop off their recyclable materials at any time at the transfer station from Tuesday through Saturday, 8:00 am to 3:00 pm. The following items are accepted at the transfer station:

• Yard Waste (including grass clippings, leaves ... all FREE of charge), however there is a charge for logs, stumps and branches;

• Appliances (including air conditioners, refrigerators, stoves, hot water tanks, washer / dryers, and the like), fee is $10 per item;

• Scrap Metal (including car fenders and bumpers), but no gas tanks or whole cars. There is a charge per carload / truckload;

• Car Batteries (taken FREE of charge and must be checked with attendant for storage area). Tires and paint are also taken once per year (please consult *The Wanderer* for date and times).

Movie Review

Keep the Faith

By Rob Gonsalves
www.efilmcritic.com

***The X-Files: I Want to Believe*. Starring David Duchovny and Gillian Anderson. Directed by Chris Carter. Running time: 105 minutes. MPAA rating: PG-13.**

At first, the new *X-Files* movie confused me: Where was the paranormal creepiness? There's a man who may or may not be a psychic, but otherwise, to paraphrase John D. MacDonald talking about one of Stephen King's "straighter" stories, there's nary a rustle nor breath of other worlds in it. That's not to say there's *no* creepiness, though: pedophiles and organ harvesting — are those creepy enough for you? Ten years after the last *X-Files* film, and six years after the show excused itself from Fox's schedule, director/cowriter Chris Carter has brought former agents Fox Mulder (David Duchovny) and Dana Scully (Gillian Anderson) out of mothballs in order to tell a psychologically and ethically twisty yarn about faith (check the subtitle).

The alleged psychic is Father Joe (Billy Connolly), a pedophile priest who has visions connected to various missing people, including an FBI agent. Scully is pulled away from her physician gig (where she's trying to get stem-cell therapy for a dying little boy in the face of the Catholic bureaucracy at her hospital) to go fetch Mulder, who sits in his clippings-covered hiding place wearing what I guess we're supposed to take as a real beard. ($30 million doesn't buy much these days.) Soon enough the duo are back in the thick of weirdness, as body parts turn up and Father Joe bleeds from his eyes, and people are always waddling around in deep snow or getting tractored off the slippery roads in their cars.

The consensus is that *I Want to Believe* feels like an episode (or a two-parter) of the medium-budget show, and in a way that works for it. The smaller scale allows Duchovny and Anderson to work together quietly — the movie is unexpectedly hushed and emotional. There are no explosions, no vast black-oil conspiracy or mystification accessible only to those who've memorized every episode (a big problem with the previous film). What the movie boils down to is a rather queasy rumination on good science vs. bad science, good faith vs. bad faith. This being an *X-Files* film, it involves, at one point, a team of surgeons preparing to graft a gay man's head onto a woman's body. (I don't even really feel like unpacking whatever Carter and cowriter Frank Spotnitz think they're saying about homosexuality and gender.)

Dark and steamy as the plot is, there's a good dollop of humor, mostly emerging from within Duchovny's beard (and, later, his clean-cut mug). There are a couple of callbacks to Mulder's eternal search for his alien-abducted sister, but most of the subtext falls heavily inside Scully's gut. She has lost one child and does not want to lose another; she may also be aware that the authorities at the hospital (who run their decisions past a Higher Authority) possibly consider her surgical experiments as barbaric as those of the organ harvesters. Scully, a drifted Catholic herself, may also see herself in Father Joe, the ultimate drifted Catholic, and doesn't much enjoy what she sees (does God hold her and him in equal wrath?). I don't think Carter is drawing a moral equivalence in either case — it rhymes literarily, not literally.

So here's an *X-Files* adventure without aliens or snot monsters who can fold themselves into origami, or whatever the early Creature of the Week episodes spooked us with. It's pretty light on action, too. Yet I was compelled by the lurid storyline and its impact on our old friends Mulder and Scully. This is a solid character piece, of the sort that I'm surprised 20th Century-Fox was willing to finance (albeit for a relative pittance). It reminded me why I liked these two when I was sampling the first season. It will, no doubt, disappoint fans who were hoping for the *Dark Knight* of *X-Files* movies, a soaring epic tying up the entire show and paving the way for more sequels. But for casual viewers like myself, it's a compact and unusual thriller with two underrated actors climbing comfortably back into old skins. It could've been a whole lot worse.

Windfall Wins It All

In an exciting finish to the 2008 Stone Horse Builder's Cup Race sponsored by Edey and Duff of Mattapoisett, the top three Stone Horses were within two boat lengths with only a bow sprit, about 4 feet, separating the top two boats, *WINDFALL* and *YOUNG AMERICA*.

WINDFALL, sailed by Tom Kenney of the New Bedford Yacht Club and Bob Jackson of Cohasset, took First Place, edging out Second Place finisher Bob Sachetti of Boston, who was single handing *YOUNG AMERICA*. In third place was *PEGASUS*, owned by Edey and Duff and captained by Dan Rowe of Mattapoisett with a crew of three.

Bob Sachetti in *YOUNG AMERICA* was first over the starting line followed by *PEGASUS* and *BEWITCHED*, skippered by Tom Browne of Woods Hole. *YOUNG AMERICA* held the lead for the first two legs followed closely by *PEGASUS*. A slow starting *WINDFALL* advanced into Third Place by the end of the first leg.

Pointing higher than the lead boats on the second leg and with right of way on a starboard tack, *WINDFALL* rounded the windward mark just ahead of *YOUNG AMERICA* and *PEGASUS*. *WINDFALL* held the lead for the entire final leg, though the separation from *YOUNG AMERICA* was never more than a boat length and most often a matter of feet. Bob Sachetti made several attempts to get to windward of *WINDFALL*, but Tom Kenney was able to hold him off by the slimmest of margins and squeak out his first win in the Stone Horse Builder's Cup series.

Also on the course was Harry Mote of Red Bank, NJ, sailing his shoal draft *SHEARWATER*, also built by Edey and Duff. The surprisingly fast *SHEARWATER*, which sails in "inches" of water, got up on a plane while on a reach,and passed the fleet of full keeled Stone Horses.

kick off on Saturday, August 16 at 9:00 am and is open to runners and walkers of all age.

The race is incorporated as a non-profit organization and net proceeds from entry fees will be donated to "The Family Pantry – Damien's Place" in Wareham. In addition, participants and spectators are encouraged to bring non-perishable food items which will be collected prior to the race and donated to the food pantry. Damien's Place provides food to over 500 families in need each month. Last year the Rochester Road Race raised $3,500 for the pantry.

Awards will be given to the top overall male and female finishers and top three males and females in each of eight age divisions. Refreshments, goodie bags and a chance to win raffle prizes will be available for all participants. Runners also receive Road Race t-shirts.

Convanta SEMASS in Rochester provides the race's title sponsorship for the third consecutive year. By doing so, Covanta enables race entry fees to support the Food Pantry and make possible a fun, exciting and safe event for runners and walkers of all ages.

Entry forms can be picked up at Plumb Library, Bev Loves Books, or the Rochester Police Station. Entries can be also processed online at **www.jbrace.com**. Runners and walkers can also sign up on the day of the race from 8:00 to 8:45 am.

The race will start on Dexter Lane, continue down Mary's Pond Road to Walnut Plain, and turn left on Clapp

SALOME'S STARS

ARIES (March 21 to April 19) With new facts to work with, you should feel more confident in moving ahead. But continue to do so at an unhurried pace so you can spot details you might otherwise miss.

TAURUS (April 20 to May 20) Taking on that new workplace project could be one of your smarter career moves. Expect a surprising show of support from someone who had always been a critic.

GEMINI (May 21 to June 20) You might feel you're too busy to undertake a new responsibility. But check it out before making any decisions. What you learn could persuade you to change your mind.

CANCER (June 21 to July 22) You feel quite content enjoying all the comforts of home right now. But the urge to travel grows stronger, and by week's end, you could begin packing your bags.

LEO (July 23 to August 22) A hectic period begins to ease up, but that doesn't mean the Fine Feline can do much catnapping these days. You need to finish those old tasks and prepare for new ones.

VIRGO (August 23 to September 22) Expect to get some good news about your financial situation by week's end. But it could still be too early to rush out with a long shopping list of things to buy.

LIBRA (September 23 to October 22) Your management skills make an impression on some workplace VIPs who might be looking for someone like you to take on an upcoming project. Good luck.

SCORPIO (October 23 to November 21) Meeting a former adversary might be unsettling at first. But time has softened hard feelings, and you could be on the brink of starting a new relationship.

SAGITTARIUS (November 22 to December 21) A troubling situation close to home might cause you to change your travel plans. But getting all the facts before you act might cause you to reconsider.

CAPRICORN (December 22 to January 19) You might be quite alone right now in deciding to support a major workplace shift. But others will join you as new information supports your bold move.

AQUARIUS (January 20 to February 18) A former co-worker returns with news that could persuade you to reassess recently made plans. Be sure to consult with a trusted colleague before you act.

PISCES (February 19 to March 20) Your motives behind a recent decision could be called into question by a rival. But once you present the facts, all doubts will be resolved. Enjoy an arts-rich weekend.

BORN THIS WEEK: While you love being the center of attention, your generous heart allows you to share the attention with others.

unique. Her vision of the world and her technique using gold gesso and antique paints result in truly original renderings of her surroundings, capturing a sense of inner light. For the past 25 plus years, Linda has worked primarily in watercolor. She began her career using pen and ink to create detailed realistic drawings. This love of detail and appreciation for the power of small strokes served as a foundation for her watercolors.

Linda currently lives in Marion and spent several years in the Philadelphia area before moving here. She has had many shows in Pennsylvania and northern Delaware and is represented by Hardcastles Gallery in Centerville, Delaware. She is a signature member of the Baltimore Watercolor Society and also belongs to the Philadelphia Watercolor Society.

Fairhaven painter Cynthia Getchell began drawing in early childhood, but did not take her talent seriously until the late 1990s when she was commissioned to paint a series of murals at Davy's Locker in New Bedford. She had worked as a waitress there for nearly 20 years. With the encouragement of her husband, Jack, she studied literature, writing, history and art for a few semesters at Bridgewater State College while still waitressing and raising their daughter Jane. On the advice of her professor, she began to paint full-time and studied with professional artists such as John Borowicz of Dartmouth, landscape painter, Don Demers of Maine and portrait painter, Deborah Macy of New Bedford.

Cynthia began showing her work publicly in the spring of 2000 at local venues with much success. She has since participated in twenty-five regional and national shows and competitions, collecting almost as many awards along the way. She works at her home studio in Fairhaven and refers to herself as a painter, because she firmly believes that the word "artist" must be earned with study and hard work. Her goal is to someday earn that title.

The Two-Person Show will be on display in both galleries at the Marion Art Center until August 27. Gallery hours are Tuesday - Friday, 1:00 to 5:00 pm; Saturday, 10:00 am to 2:00 pm. The Art Center is located at the corner of Main and Pleasant Streets in Marion. Admission is free.

Exhibition Committee

The Exhibition Committee of the Marion Art Center will meet on Tuesday, August 19 at 4:00 pm. Artists wishing to be considered for a show in 2009 should assemble a body of work, submit digital images or drop off five or six original framed pieces in the afternoon prior to the meeting along with a current resume and price list. Artists will be notified by mail of the committee's decision.

Items for the Holiday Shop and Arts in the Park will also be juried throughout the year. For more information please call 508-748-1266 or visit the website: **www.marionartcenter.org**.

Dr. Jean Peelor
Treats the Cause, Not Just the Symptoms

What is Craniosacral Therapy?
CST is a gentle, hands on technique used to detect and correct imbalances in the cranial bones, the sacral bone and the membrane that surrounds the brain and spinal cord. Restrictions in the craniosacral system may be the cause of sensory, motor or mental dysfunction. Others have head, neck, face, jaw, shoulder, arm or musculoskeletal pains, depression, vision, hearing, taste, tinnitus issues that are caused by imbalances in the bones of the cranium.
What are cranial problems?
Cranial problems are imbalances in the normal motion of the skull bones. Many people suffer from chronic pain. Others have neck, face, jaw, shoulder, arm and/or musculoskeletal pains that are caused by imbalance in the bones of the cranium.
What does Craniosacral therapy have to do with head injuries?
Cranialsacral therapy is a treatment that Dr. Peelor utilizes to correct the physical consequences of a head injury, and therefore alleviate the symptoms. She will treat the cause, not just the symptoms
What conditions does Dr. Peelor treat in her office?
Cranial problems: Concussions, Post Concussion syndrome, TMJ dysfunctions, vertigo, tinnitus, loss of taste or smell issues, eye motor coordination, soccer players that head the ball, chronic neck and back injuries, Fibromyalgia.

Dr. Peelor has moved to:

ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. COLLISION SERVICES OF MARION, INC. is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact COLLISION SERVICES OF MARION, INC. to get back on the road.

approximately 70 dealers from across the country, and highlights will include an exhibit of rarely seen vintage photographs of the Stone Estate at Great Hill as well as Heirloom Discovery, a popular appraisal event.

As in prior years, the 2008 Show will be held at Tabor Academy's Fish Athletic Center, and debuts with a gala preview party on Friday, August 15 from 5:30 to 8:30 pm. Party guests will enjoy the first glimpse of the many wonderful pieces available for purchase, as well the evening's delightful refreshments, which include a raw bar, hors d'oeuvres and an open bar. The show continues on Saturday from 10:00 am until 5:00 pm as well as Sunday from 11:00 am until 4:00 pm.

In keeping with the Society's mission to preserve Marion's historic seaside village character, funds raised in previous years have been utilized to complete numerous valuable preservation and beautification projects throughout the town. Some of these projects include the purchase and renovation of Marion's U.S. Post Office building, management of the Island Wharf project (including paving the parking lot), donation of 22 trees to the Marion Tree Committee to beautify the Route 6 area of town, and the implementation of an extensive archival database and connection with the Elizabeth Taber Library.

Last year's proceeds went toward the development and publication of the popular book, *A Picture Postcard History of Marion, Massachusetts,* which chronicles the town's illustrious past. This year, proceeds from the Show

will be dedicated to help fund two important objectives.

A portion of monies raised will be directed toward the purchase and installation of a permanent, energy-efficient air conditioning system for the Walter Nye Ellis House, which is home to the Society's Museum and its archives. Besides providing a comfortable climate for Museum visitors, this system will provide appropriate temperature and humidity levels for the safety and preservation of the many valuable documents and objects within the Society's care, items that hold so much of Marion's important history.

Additional funds will be used to create an exciting new school program, which will be called "Children are our History in the Making." This program will include the purchase and donation of historical literature for classrooms and school libraries, as well as the sponsorship of historical field trips and traveling workshops. In addition to in-school learning opportunities, SHS will create after-school programs, as well, such as historical walking tours, lectures and hands-on activities for school-age children. SHS looks forward to working with local educators and students to implement creative, innovative ways to explore Marion's past.

Tickets for the Preview Party are available for $55 in advance, $60 at the door, and include admission to the Marion Antiques Show for both Saturday and Sunday. Tickets may be reserved by calling 508-748-1116, and may be purchased at the Historical Society, the Bookstall, Marion General Store, Marion Antique Shop and Serendipity by the Sea. Admission for the Show is $8.

For more information regarding the Marion Antiques Show, please visit **www.sippicanhistoricalsociety.org**.

I found the Aardvark!

Each week we will give away an Aardvark Gift and each month we give away a special Aardvark Gift Basket to one lucky person. All you have to do to enter is find the Aardvark! The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

The winner will be selected from all the correct answers picked by the deadline and the prize will have to be picked up at our office. Only one entry per household per issue please.

To enter, simply find the aardvark in this issue, then go to our web page and select the link "I Found the Aardvark" entry page. If you would like to enter by mail, send your name, address and phone number along with the issue date and page number you found him in to: Wanderer - I Found the Aardvark, P.O. Box 102, Mattapoisett, MA 02739.

Winner, past location and prizes listed on our website at: www.wanderer.com Click on "I Found the Aardvark"

In the July 24 issue the Aardvark was on page 42!
